

PHILIPP Outside Cap and Sealing Cap

Data Sheet

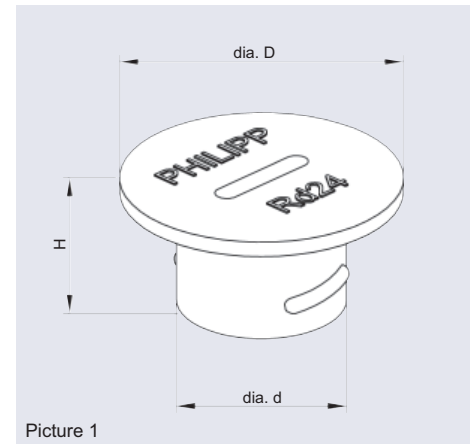

DATA SHEET FOR PHILIPP OUTSIDE CAP

The **PHILIPP Outside and Sealing Cap** is used to close thread openings. All sizes of **PHILIPP Threaded Transport Anchor Systems** can be used regardless if the **PHILIPP Nail Plate** is used or the **PHILIPP Threaded Transport Anchor Systems** is flush with the surface. On use of **PHILIPP Outside** or **Sealing Cap** permeation of dirt is avoided. The permanent corrosion protection is only partially given since penetration of water cannot be excluded.

Table 1: Dimensions of PHILIPP Outside Cap

Art.-No.	Type	dia.D	dia.d	H	Package unit PU	Weight
	RD	[mm]	[mm]	[mm]	[pcs]	[kg/PU]
72ASS12	12	18	10	10	100	6.0
72ASS14	14	21	12	12	100	11.0
72ASS16	16	25	14	13	100	14.0
72ASS18	18	28	16	14	100	19.0
72ASS20	20	34	18	15	100	29.0
72ASS24	24	35	21	17	100	38.0
72ASS30	30	42	27	19	100	53.0
72ASS36	36	52	33	19	100	73.0
72ASS42	42	60	38	20	100	96.0
72ASS52	52	73	48	22	100	133.0

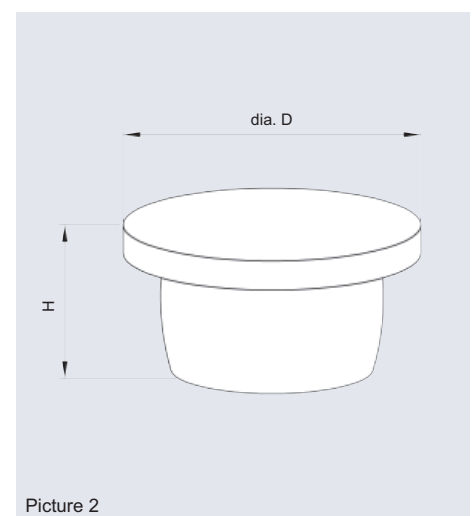

Material: Plastic

DATA SHEET FOR PHILIPP SEALING CAP

Table 2: Dimensions PHILIPP Sealing Cap

Art.No.	Type	dia.D	H	Package unit PU	Weight
	RD	[mm]	[mm]	[pcs]	[kg/PU]
72KAS12	12	16	8	100	7.0
